## Tequila List

Here at Las Casuelas we offer a variety of tequilas.  
The three different classifications of tequila are based on the aging in oak barrels.  
Every tequila here is unique, so sit back and enjoy; Salud!

### Blanco

Blanco, also known as silver, is a clear tequila that is not aged. Its fresh, fruity flavor is the most direct expression of agave and makes Blanco a great choice for mixed drinks. Blanco is the base for all tequilas.

### Reposado

Reposado, or “rested” tequilas, are aged in wood tanks or barrels for at least two months. They are often pale straw in color and can be mellower than the blancos. They provide smooth mixability for sophisticated cocktails or can be enjoyed straight.

### Añejo

Añejo tequilas must be aged in oak barrels for at least 12 months or more. They are gold to amber in color and have a soft, smooth, complex flavor brought on by their marriage with aromatic oak wood. This is the tequila to sip slowly, just as you would a fine cognac. Delightful as an after dinner drink.
